Award-Winning Health and Wellness Supplement: Building Wellness That Truly Makes a Difference

True innovation is measured by the standards it surpasses. In the world of wellness where trends come and go, lasting impact is built on something far more meaningful, which is trust, discipline, and science.

These BE products were recently acknowledged at the Functional Foods for Wellness Industry Awards (FFWS Awards). The FFWS Awards are not simply ceremonial; they are based on a structured evaluation that examines formulation integrity, scientific credibility, and functional performance across the wellness industry.

Strengthening the Body's Natural Defense, Every Day with BElixz SHIRUTO

Skip the Hampers: Why AULORA Pants with KODENSHI® Is a Better CNY 2026 Gift

The Year of the Horse is almost here, and you know what that means - family gatherings, endless visiting, and tables full of food. It's fun, but it's also tiring. By the second day, most of us are already feeling it in our legs and backs.

This year, maybe it's time to skip the usual snack hampers and sugary treats. Give a gift that prioritises circulation and physical wellness, ensuring your loved ones have the stamina to match the spirit of the Horse.

The Modern Festive Reality: The "Sitting" Strain

While we celebrate movement, CNY also involves a lot of sitting. Whether it's hours of playing mahjong or video games with cousins, or the long-distance drives back to hometowns, prolonged inactivity takes a toll.

Sitting for extended periods can lead to poor circulation due to veins being compressed, according to an article by Great Lakes Medical Imaging. This causes legs to feel heavy, stiff, and fatigued. This is where AULORA Pants with KODENSHI® make a difference. By focusing on supporting circulation, they help mitigate the "heavy-leg" feeling that comes from long hours of gaming or travel, reducing fatigue and discomfort.

Wellness Powered by Japanese Technology

The foundation of AULORA Pants with KODENSHI® isn't just fabric, it's functional wellness. Using advanced Japanese technology, KODENSHI® Fiber integrates ultra-fine ceramic particles that absorb your body's heat and release it back as Far Infrared (FIR) energy.

Scientific literature (e.g., Vatansever & Hamblin, 2012) highlights how FIR technology supports physical well-being by maintaining a consistent warming effect. This process:

- **Supports healthy circulation:** Helps maintain blood flow even when you are stationary
- **Enhances well-being:** Reduces the physical drainage caused by long days of standing or sitting
- **Support recovery:** Helps your body feel ready for the day ahead

AULORA Pants with KODENSHI®: Benefits Beyond Comfort

When your circulation is supported, comfort follows naturally. AULORA Pants with KODENSHI® are designed to be a "second skin" that works for you throughout the CNY rush:

- **For the road warriors:** Long drives can be taxing on the lower body. KODENSHI® technology helps legs feel lighter and more refreshed upon arrival
- **For the gracious hosts:** Clinical studies show that KODENSHI® technology helps reduce physical and mental fatigue, making AULORA Pants with KODENSHI® an ideal choice for those spending long hours in the kitchen or on their feet while hosting
- **A gift of longevity:** Wishing 'good health' is a tradition. Giving AULORA Pants with KODENSHI® is a practical way to express that wish, making it a thoughtful CNY gift idea. Especially for elderly parents who may struggle with poor circulation, such as cold hands and feet, leg swelling or tingling sensations

Start the New Year Feeling Good

As we embrace the Year of the Horse, don't just settle for temporary comfort. Invest in a gift that promotes long-term well-being. **AULORA Pants with KODENSHI®** are more than just attire. They are a commitment to starting the year with better circulation, and a healthier body.

BE THE LEGEND

CONVENTION 2026

A
LIFE-
CHANGING
MOMENT

Why the "BE The Legend" Convention Will Change Your Life

Imagine that you are standing shoulder to shoulder with thousands of other people from all over the world in a mega hall. You hear different languages being spoken, but the beat of everyone's heart is the same. The lights go down, the music turns up, and for the first time in a very long time, you believe that anything is possible.

This is the **BE The Legend Convention**.

As we start 2026 with the motto "**BE BOLD & GLOBAL**" this year's convention is officially the largest ever, with a record-breaking thousands attendees. So, if you are still on the fence about buying that ticket, rest assured that you will be thanking yourself for this moment in the future.

A Record-Breaking Homecoming for Dreamers

The daily grind of life makes you lose sight of your dreams. But here, reality changes at the BE Convention.

You are a part of a huge movement this year, not just one face in the crowd. Thousands of BE-ians from Malaysia, Singapore, Brunei, Hong Kong, Indonesia, and other countries are joining us. One thing is evident from this record attendance: the **BE Opportunity** is expanding more quickly and powerfully than in the past. When you stand amidst thousands of people who are all striving for the same goal—**wellness in every way, for everyone**—something clicks. You realise you are supported by a global "**One Family**".

Real Rewards: The Car & House Fund

Let's talk about why we are all here. We want a better life. We want freedom.

At the convention, you will see leaders receiving their awards for the **Car Fund** and **House Fund**. But here is the secret that makes BE International different: these aren't just shiny trophies to put on a shelf. They are real, tangible financial freedom.

These two funds are key pillars of our **9 Benefits**. When you qualify, you enjoy years of bonuses. And the best part? **You don't even need to own a luxury car or a mansion to receive them.**

Unlike other platforms that force you into debt to look successful, BE International gives you the cash bonus to use as you see fit. It's about your life, on your terms. When you see ordinary people on that stage—people who started with nothing—receiving these funds, you realise that this financial peace of mind is available to you, too.

Picture Yourself on Stage: The Power of Visualisation

There is something very special that happens when the lights go down for our **Legend Speakers**.

We choose 2 to 3 exceptional **Royal Crown Council Ambassadors (RCCA)** each year to come on stage and share their stories with us. These are the main highlights of the convention.

The unvarnished truth will be revealed to you. They will tell how they used to be just like you—sitting in the audience, doubtful, or maybe having financial difficulties. They will flashback to that defining point in time when they decided to make a change in their lives, an important decision that was meant to last a lifetime, after realising that enough was enough.

Don't just admire them as you hear their tales. Reflect them. Recognise that these Legends are regular people who chose to be brave, not superhumans. You can reach that point if they can.

The Turning Point: Why You Must Be There

If you are a prospect or a new BE-ian just starting your journey, you might be thinking, "Do I really need to attend? I haven't achieved anything yet."

That is exactly why you need to be there.

For many of our top leaders, their first convention was the turning point. It was the moment they stopped "trying" the business and started "owning" it.

- **For the Prospect:** It is the ultimate proof. You will see that everyone benefits from the system, regardless of age, educational level, or background. Through the accounts of actual people, you will witness the Steps to SUCCESS in action.
- **For the Beginner:** It is your orientation to greatness. You will absorb the energy that fuels your business in the future. Being there will surround you with the belief that will help you conquer any challenge.

BE BOLD. BE Present. BE The Legend.

Don't let this opportunity pass you by.

To our fellow IBOs and future leaders: This is your time. The seats are filling up, and history is waiting to be written. The only question is, will you be there to hold the pen?

Grab your ticket today. Let's meet at the top. Let's go **BEyond Eternity.**

BE Inspired. BE Bold. BE Global.

Inspired by the legendary stories.
Dare to take the first step.
Expand your connection globally.

BE THE LEGEND

Every legend starts with a bold decision — to show up, to grow, to rise.

This convention isn't just an event; it's a turning point for those ready to think bigger and move further. You gain clarity, confidence, and a network that goes beyond borders.

Seoul Calling: Why You Need to Become a **WORLD Traveller** in 2026

For a moment, close your eyes.

Imagine yourself on the top of the N Seoul Tower. The city lights are beginning to sparkle below you, like a galaxy of stars, the wind is cool, and the sky is that perfect shade of never-ending blue.

You're not alone on top of the tower. You're there with your friends, mentors, and partners who founded the **BE Opportunity** with you. You didn't just "buy" a ticket to get here; you realise as you take a deep breath. I deserve to be here.

Welcome to the vision for **BE Lifestyle Travel (BELT) Seoul 2026**.

At BE International, we don't just talk about selling products. We talk about selling a future. We talk about **Lifestyle** and **Freedom**. As we head into this new campaign from **February to July 2026 (SV'2-SV'7 2026)**, the question isn't whether you like Korean food or K-Pop. The question is much bigger: Are you ready to upgrade your reality?

This isn't a vacation. It's a victory lap.

The Freedom of "Lifestyle" Travel (And Why It's Different)

Let's be real. You could open a travel app right now and book a flight to Korea. Anyone can be a tourist. But very few people get to be a **WORLD Traveller** in the way we define it.

When you fight for this trip, you aren't fighting for a plane seat. You are fighting for the proof that your life is changing. You are fighting to unlock the kind of **limitless income** and **time freedom** that allows you to travel without checking your bank balance or asking a boss for time off.

The “Money Can’t Buy” Experience. A trip that you pay for and one that honours your accomplishments are very different. Champions are the target audience for this 6-day, 4-night event. It’s about feeling like a king or queen as you enter a palace through its imposing gates while wearing a traditional Hanbok. It’s all about the VIP treatment, the exclusive dinners, and the excitement of being in a room full of winners.

The experience is different when you travel for free. It validates all of your hard work, late-night meetings, and rejections. It’s the ultimate “I did it” to yourself and the ultimate “thank you” from the business.

Growth is the Vehicle: Using System Education to Get There

So, why do we push for these trips? Is it just for fun?

No. We push for them because the person you have to become to qualify for Seoul is a better, stronger, and more capable leader than the person you are today.

To get to Seoul, you have to master our **System Education**. It’s not something you can wing.

You must thoroughly study the training, understand a leader’s mindset, and put it into practice every day. The actual prize is the personal development that occurs along the way, not the trip itself.

The Magic of Duplication. On your own, you cannot reach the summit of the mountain. Helping others climb with you is how you get there. Duplication is the secret ingredient. You automatically win when you focus on helping your team win. You can create a momentum that propels everyone forward by teaching your downlines how to dream big and execute.

Fighting for Seoul isn’t a selfish act. It’s an act of leadership. When you commit to this goal, you light a fire under your entire organisation. You show them what is possible. You become the standard-bearer.

Your Next Chapter Starts in Seoul

Imagine the stories you will tell when you get back.

When you return, picture the tales you will share.

Imagine presenting your potential partners with pictures of you and your group enjoying Korean BBQ, exploring Seoul's colourful streets, and living life your way. Those tales are compelling. For the next five years, they will be the engine that propels your company.

Make the Decision. The window of opportunity is currently open. The route is outlined from **SV'2 to SV'7 2026**. However, without taking the first step, a path is meaningless.

Make sure this isn't just another "nice idea." Make it a goal that cannot be compromised. Make the decision to attend. Make the decision that you deserve the way of life, the independence, and the memories.

Now is the time for you to take charge. This is your opportunity to experience the world as a player rather than a spectator.

Seoul is waiting. Are you coming?

Business Owner Seminar

6,000+ BELIEVERS:
The Social Proof You Can't Ignore

Is Your Future AI-Proof? Why 6,000+ People Just Chose BE International Last Week

Here's a hard truth: the "safe" 9-to-5 job is an endangered species. As we move deeper into 2026, the World Economic Forum's warning that 44% of core skills will be disrupted by AI is no longer a prediction—it's a reality happening right outside your window.

In Malaysia, roles in customer service, accounting, and clerical work are at the highest risk. If you're a Gen Z graduate, the stats are even grimmer: 1 in 3 graduates are already underemployed, stuck in roles that don't match their qualifications. You might be wondering, "Is there a way out that doesn't involve risking my life savings on a high-stakes startup?"

The answer arrived last week. While others were scrolling through job boards with growing anxiety, over **6,000 people** across Malaysia, Singapore, Brunei, and Indonesia gathered for the **Business Owner Seminar (BOS)** to claim a different future.

6,000+ Believers: The Social Proof You Can't Ignore

People don't just show up in these numbers for a "hobby." They show up because they've seen the "Zero to Hero" stories of our **Royal Crown Council Ambassadors (RCCAs)** and realise that **BE International** isn't just a company—it's a movement.

Check out the massive turnout from our recent BOS events:

- **Kuala Lumpur:** A staggering 2,720 pax (BM) and 200 pax (Mandarin).
- **Kuching, Sarawak:** 920 pax (BM).
- **Johor Bahru:** 620 pax (BM).
- **International Reach:** Strong crowds in Jakarta (500 pax), Singapore (300 pax), and Brunei (250 pax).

From Penang to Kota Kinabalu, the message was the same: **BE Entrepreneurship** is the most trusted platform for ordinary people to grow a genuine, global business.

Why Choose BE? The “Low Risk, High Return” Reality

Traditional entrepreneurship is brutal. You need massive capital, timing, and a lot of luck—and even then, 90% of startups fail within five years.

BE International flips the script. For a startup cost as low as **RM60 (or SG\$20 / BN\$20 / HK\$100 / Rp200,000)**, you gain access to a “One World, One System” platform. That means your business isn’t stuck in your hometown; you can expand seamlessly across 5 countries with zero extra logistics on your end.

We call it the **6 Pillars of Success**. We handle the “heavy lifting”—from the science-backed quality and Awards winning **AULORA Pants with KODENSHI®** and **BElixz SHIRUTO** to the professional training systems that help you duplicate success step-by-step. You bring the heart; we provide the ladder.

The Plan: 9 Benefits to Fuel Your Dreams

We don’t just talk about “passive income”; we build the road to it. The BE Marketing Plan offers **BE 9 Benefits** designed to reward you at every stage—from grassroots to top-level leadership.

Are you tired of just looking at pictures of your dream car? Our **Car Fund** and **House Fund** are specifically designed to help you own that dream home or luxury vehicle while you grow your network. Plus, our **BE Lifestyle Travel** incentives have taken thousands of IBOs to incredible destinations like **Seoul, Tokyo, Melbourne, and Dubai**—for free!

Gen Z: Why Settle for a “Side Hustle” When You Can Build an Empire?

Let's be real: The “gig economy” is a trap. It pays for the weekend, but it doesn't build a future . You want freedom and a career that actually means something.

Did you know 55% of you already plan to be entrepreneurs before 30? Why wait? You are a digital native. You already know how to LIKE, COMMENT, and SHARE. That isn't just “scrolling”; that is the key to Social Commerce, an industry hitting **USD 8.5 trillion by 2030**.

With BE International, you can own a piece of that pie right now. Don't stay in the audience watching others succeed; step onto the stage and be the main character of your own story.

Next Step: Are You Ready to BE?

Don't let another year pass by while AI reshapes the economy without you. Join the thousands who have already taken the first step toward a successful life.

From Surviving to Leading: A Journey of Resilience, Reinvention, and Impact

RCCA Emelia Ezreen
Former IT Manager

Born in Kuala Lumpur and raised in Hong Kong and Tokyo due to her father's expatriate career, Amelia grew up disciplined, adaptable, and globally minded. But life changed drastically when she became a single mother, navigating the demanding corporate world.

Behind the impressive job title and overseas experience, Amelia was exhausted, lonely, and overwhelmed by the pressure to provide. When a friend introduced her to BE International, she decided to join without hesitation. That simple yes became the turning point that changed her life.

When Everything Fell Apart, Hope Appeared

When the pandemic hit, Amelia's role as an oil and gas department manager flipped: she was forced to cut her team. Having to decide who lost their jobs felt like taking away futures, and the resulting guilt severely eroded her confidence.

At her lowest point, she was introduced to BE International and the AULORA Pants with KODENSHI®. Trying them with no expectations, she soon lost weight, and her mother's varicose veins and knee pain eased. This immediate, positive change restored Amelia's much-needed sense of hope.

Hope.

A lifeline.

A second chance.

While the world was shutting down, BE was expanding. She realised she no longer wanted to be someone who ended careers. She wanted to rebuild lives.

From Side Income to an Unexpected Breakthrough

Amelia joined BE primarily to earn extra income during uncertain times, but within just a few months, her part-time effort had

Car Fund

grown into a five-figure income. Yet it was not the money that changed her heart; it was the sincerity of the people.

After office hours, her uplines provided dedicated, step-by-step guidance and conducted network reviews outside her workplace. They supported Amelia, even staying until midnight whenever necessary due to Amelia's overseas schedule.

Coming from a corporate world where people followed authority, BE showed her a culture where people followed sincerity, a place where she finally felt seen and belonged.

From Corporate Pressure to Heart-Driven Leadership

Coming from a corporate world that valued targets and results, Amelia initially led by pushing people. In BE, she soon realized that encouragement, not pressure, fosters growth.

Through mentorship, she unlearned her old ways, learning to lead with empathy and compassion instead of control. This transformation evolved her from a manager chasing performance into a leader who develops people.

When Her Voice Found a Stage

Her turning point became clear when the company began recognizing her leadership. In 2022, she was selected as a Star Award Nite sharer and spoke confidently before more than one thousand people.

In 2023, she became a Global Leadership Conference (GLC) sharer, inspiring leaders from multiple countries, and was later invited as a product and system speaker for Indonesia, followed by BES events in Kuala Lumpur, Kota Bharu, and Penang.

Each stage reminded her of one truth she once doubted:
Her voice mattered.
Her story mattered.
Her growth was real.

The Leap Of Faith

In October 2024, Amelia shocked everyone by walking away from

BAS Seminar with Network

her corporate job to fully commit to her passion, BE, with no safety net.

Through intense discipline in learning and mentoring, she achieved the prestigious **RCCA** title just three months later in **January 2025**. However, the real success was her personal transformation: she went from signing retrenchment letters to opening doors of opportunity for others.

A Leader Who Multiplies Leaders

Amelia's success is measured not by her RCCA title, but by the lives she has lifted. Her greatest pride is seeing four downlines achieve RCCA, as each success represents a family relieved and confidence regained.

As she says, *"My greatest joy is not the rank I achieved. It is seeing how many lives have changed because this business was duplicated with love."*

Amelia chose BE International for its culture of heart, integrity, and genuine mentorship, where a system designed to lift people ensures everyone grows together.

Success With Heart, Not Perfection

Amelia believes that true success is not built on perfection, talent, or experience, but on willingness, consistency, and a sincere heart to help others.

Once tasked with retrenching people, she is now rebuilding lives, proving that when you lead with sincerity and purpose, life opens doors you never imagined possible.

When “Plan A” Fell Apart, They Rewrote Their Future

**RCCA ANIDA SALWANI
ABDUL HADI &
MOHD AZIS NGAH**

Former Magazine Editor /
Former Assistant News Editor

From Breaking News to Breaking Barriers

For nearly two decades, Anida Salwani and Mohd Azis were the picture of stability. As accomplished journalists in Kuala Lumpur, Anida as an Editor for a top lifestyle magazine and Azis as an Assistant News Editor for a major news portal, they had built what society calls the perfect “Plan A.” They had the titles, the government-linked benefits, and a comfortable life for their four children. But behind the bylines and deadlines, they were losing the one thing money couldn’t buy: time.

“We were successful on paper, but the reality was exhausting,” Anida shares. “We were trading our lives for salaries, missing out on our children’s growing years.”

The Crisis That Changed Everything

The turning point came with the global pandemic. In March 2020, Azis took a Voluntary Separation Scheme (VSS) and started a sports event company, only for the Movement Control Order (MCO) to crush the industry overnight. Weeks later, in the middle of Ramadan, Anida’s publishing house shut down with just 7 hours’ notice.

Suddenly, “Plan A” was gone.

“We were left with zero income,” Azis recalls. “For a year,

Car Fund

we tried everything- selling daging dendeng, keropok lekor, and even beauty products that required heavy stock. But the returns were small, and our savings were draining away.”

A New Definition of “News Worthy”

It was during this desperate time that BE International appeared. Initially, Anida was skeptical, dismissing the AULORA as products meant only for “sick people.” But the unique business model caught her attention: No stock keeping, no heavy capital, and a fair system.

“I fell in love with the concept of ‘Lubuk Pahala’ (a reservoir of blessings) and the fact that I didn’t need to hoard inventory,” Anida explains.

Starting during the lockdown, Anida's first-month income as an Ambassador nearly matched her previous salary as an Editor, a position that had taken her 19 years to achieve. Seeing the undeniable results, Azis, a former crime reporter who had done his due diligence on the company, joined her 200%.

Trusting the BE System

Their rapid rise to RCCA was fueled by a willingness to "Empty the Cup." Despite their seniority in the media world, they humbled themselves to learn from mentors who were younger but wiser in the BE business.

"In the corporate world, friends are many when you laugh, but few when you cry. In BE, we found a family that picks you

Family support at BE THE LEGEND 2025

up when you fall," says Anida. They embraced the culture of "Zero-rising," setting aside their past egos to follow the BE System completely.

A Life Transformed

Today, the couple has regained not just their financial security, enabling them to send their children to private schools and universities with the best equipment, but also their happiness as a couple. They have "redeemed" the time lost during their corporate years.

"Our greatest joy now is seeing our team members succeed, buying safer cars, regaining health, and crying tears of joy at their first taste of luxury during BE trips," Azis adds warmly.

With our day-one mentors

“

Filter and Deflect

Reflecting on their journey, Anida holds to her principle of "Filter and Deflect" which means removing negativity and excuses. Azis lives by the philosophy of the paddy stalk: "Be like the rice stalk; it bends lower as it is laden with ripening grains."

The Strength Behind My Story

**RCCA HAJAH IDAHWATI @
'IRDINA NUR' AIDAH HJ IDRIS
& HASNAN BIN HAJI JALIL**

Former Lecturer /
Mechanical Engineer

From 21 Years in Academia to Financial Freedom:

For 21 years, Idahwati dedicated her life to education as a lecturer at the University of Islam Sultan Sharif Ali (UNISSA) in Brunei. To the outside world, she had a stable career and a husband who was an mechanical engineer. But behind the scenes, as a mother of eight children, she knew that relying on a fixed salary alone was not enough to secure her family's future and dreams.

Persevering for Sustenance from the Fingertips

Driven by the desire to provide the best for her children, Idahwati was a relentless worker. For over a decade, she juggled her full-time lecturing job with various side businesses, selling food and Muslimah Long Dress, and even working as a personal shopper for luxury goods.

“I realized that if the salary is only dependent on salary, it is not enough,” she recalls. But she wasn't walking this path alone. Beside her was Hasnan, her silent strength. Whether it was the late nights spent packing orders or being the steady voice of encouragement when doubt crept in, he was her backbone since Day 1.

However, the arrival of the COVID-19 pandemic brought

Car Fund

her traditional businesses to a halt. Logistics failed, customers disappeared, and her personal-shopper business suffered severe losses.

The Turning Point

Despite initial hesitation during the pandemic, Idahwati joined BE International in May 2020, inspired by her upline, RCCA DK Yati. Her success was instantaneous: she became an Ambassador in just six days and a DCA within nine months. When her first month's bonus reached 85% of the salary she had spent 21 years building as a lecturer, she realized the platform's potential and committed fully to the business.

Overcoming the “Salesman” Trap

Despite her early financial success, Idahwati faced a significant internal challenge. For the first two years, she operated with a "seller mindset," focusing only on sales rather than building a network. When the world opened up and people returned to offices, her sales momentum slowed, and she lost team members.

She realized she had to evolve. With the guidance of her mentors and the BE education system, she shifted her focus from selling products to building people.

A New Mission: Empowering Others

On February 1, 2024, Idahwati retired from her 21-year

1st BAS BRUNEI with Network

BEST MILAN Travel with Founder & GA

academic career to pursue BE International full-time.

She draws a powerful parallel between her two careers. As a university lecturer, she could educate students, but she couldn't guarantee them jobs. Through BE, she can offer both education and a platform for financial survival. She proudly shares the story of a former student, Haziqah, who struggled with low wages after graduation but found financial stability and the ability to repay her parents through Idahwati's mentorship in BE.

The Future

Today, Idahwati travels the world not just with her husband, but with a busload of achievers from her own network. Her journey proves that background and

rPET (recycled PET) Material

Carry the Purpose. Carry the Future.

BE International is proud to introduce our new BE Recycle Bag, crafted from recycled PET (rPET) material — a meaningful step forward in supporting environmental conservation while elevating everyday lifestyle choices.

Every year, millions of plastic bottles end up in landfills and oceans. By transforming used PET bottles into durable and reusable fabric, rPET helps reduce plastic waste, lower carbon footprint, and conserve natural resources. This means every BE Recycle Bag is not just a bag; it's a statement of **responsible living and sustainable innovation**.

Designed with BE's signature **blue-and-white minimalist style**, the bag is sleek, modern, and practical. Its compact yet sturdy structure makes it perfect for:

- Daily use
- Shopping and business essentials
- Events and meetings
- A **stylish gift bag** for BE products

Whether you're carrying AULORA, BElixz, BEYUL, or BEYANG, this bag reflects BE's belief that **wellness goes beyond the body — it extends to the planet we live on!**

By choosing this eco-friendly recycled bag, you are helping to reduce plastic pollution while embracing a more sustainable lifestyle. It's a simple choice that creates a meaningful impact for today and for future generations.

Let's move forward together with smarter materials, conscious choices, and a shared commitment to protecting our environment!

Reduce. Reuse. Recycle. And BE the change.

BE BRINGS EDUCATION AND CARE SUPPORT TO 148 CHILDREN THROUGH SCHOOL SUPPLIES AND A MEANINGFUL MOVIE NIGHT

[9 January 2026] BE International organised **BE Movie Night** at TGV Pavilion Bukit Jalil. The event brought together BE leaders, BE Senior Management and Staff, and children from Persatuan Kebajikan Ti-Ratana Malaysia and **Persatuan Kebajikan Sweet Care** to enjoy a memorable cinema experience. The initiative aimed to provide essential school supplies while supporting children in their educational journey, reflecting BE International's commitment to community care and education.

A total of **148 children** were invited to experience the movie night. In conjunction with the charity night, BE International **donated 148 sets of school bags and stationery, and 296 units of school uniforms** to support the children's educational needs.

More than just a one-night event, the BE Movie Night reflects BE International's long-term commitment to nurturing the next generation through education and community engagement. By combining a joyful experience with practical support, the initiative reinforces the belief that meaningful impact is not only about giving. It is also about fostering hope, reminding children that they are supported and valued, and encouraging them to continue learning and growing.

This initiative also supports the BE Foundation's core pillars: **Health and Wellness, Education and Youth, Community Relief, and Green Environment**. By providing essential educational resources and nurturing a sense of community and care, BE International continues to make a positive difference in the lives of children and the wider community.
